

What if you could install a solar system at no cost, earn \$1000 immediately and save on future energy cost?

Greener Product LLC is offering homeowners, schools, businesses, non-profit organizations and municipalities in Tennessee and the neighboring states an opportunity to participate in our **SolarSmart** program.

Under the Tennessee Valley Authority (TVA) Generation Partner's Initiative Greener Product LLC is providing a renewable energy program. There are a limited number of installations this year. Applicants will be qualified on a first-come, first-serve basis.

Call 843-576 0112 x 121 or go online at www.greenerproduct.com to apply.

PROGRAM BENEFITS

- ✓ No capital cost to install solar system
- ✓ Receive \$1000 immediately upon system operation
- ✓ Greener Product LLC operates and maintains system
- ✓ Energy savings, guaranteed for 10-20 years
- ✓ Purchase system at end of term at discounted price

The SolarSmart Program

Under this program Greener Product LLC will install a solar system on the applicant's (host) roof-top or land at no cost. During the term of ten to twenty years the host will receive a share of the revenue generated by the system. In addition the host will receive \$1000.00 once the system is in full operation.

To qualify the participate must:

- Have an available area of 40,000 sq. feet on a roof-top or land
- Premises must be available for lease i.e. 10 to 20 years
- Area must be free of shade all year
- Roof (if applicable) must be structurally sound

Who is Greener Product LLC?

Greener Product LLC develops and implements solar power systems on a client's site and own, operate, maintain and service the system for the life of a Power Purchase Agreement with the local power utility. We work with homeowners, schools, non-profits, municipalities, businesses and government agencies to offer a complete solar system at no cost to the host that guarantees a stable price for their energy for the duration of the agreement, normally from ten to twenty years.
